

Taking the Pulse of the Ocean Conference

July 9-12, 2007

Cambridge, MD

The COSEE-Mid-Atlantic would like to invite you to our “Taking the Pulse of the Ocean” conference *July 9-13* at the University of MD, Horn Point Laboratory. The goal of the conference is to share information on the use of observing systems in the classroom. This 3 day conference will focus on four topics associated with the global and coastal ocean. Each session will include a plenary speaker and oral/poster presentations by contributing participants.

Taking the Pulse of the Ocean conference topics:

*Global Ocean Movement
Coastal Ocean Circulation
Dynamic Coastal Waters & Food Webs
Ocean Ecosystem Health*
